

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been supplying load placement precision ever since the year 1959. The Lull telehandler could help make the work faster and easier, whether the job entails transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to supply eighty inches of boom travel for precision placement capabilities. There are even many optional Lull attachments for their telehandlers in order to help finish any task.
