

TCM Forklift Parts

TCM Forklift Parts - In the global business of material handling, lift trucks play an important part for transporting industrial goods. First innovated as industrial vehicles during the 1930s in the United States, lift trucks gained recognition after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread globally.

Originally started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the trade. TCM started constructing lift truck manufacturing sites outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

With more than 50 years of accumulated technology and expertise, TCM has been proudly making various models of industrial trucks, making their models recognizable all over the world. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling business.
