Advance-Nilfisk Parts - Imagine how long and tiresome it will actually be to clean-up after a party, with out assistance from equipment. Not too long ago, the dust from upholstery and carpets had to be beat out of them manually; brushes, cleaning cloths and brooms were the leading cleaning products back then.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After founding his company in the year 1906, he started to produce motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's dream from the beginning was to have a worldwide company selling goods internationally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by one person. This invention came in a time where many cleaning equipment were huge and needed at least 4 operators, hence, the Nilfisk C1 changed everything and developed the way we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an existing crisis; things get filthy and have to be cleaned frequently, without too much effort.

Slowly, the business Nilfisk-Advance grew throughout the years. During the early nineteen eighties the business expanded more rapidly when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, aspiring to be an active global player in manufacturing professional cleaning machines. Nilfisk-Advance is now represented in all parts of the globe by gradually obtaining a lot of smaller businesses in order to grow their product range and presence in new markets. They are really proud to provide various cleaning solutions to fit every need.
