

Rockwell Parts

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and components along with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for service, technology, delivery and quality. They believe in working within an environment that encourages the highest integrity with empowered collaboration, along with a unyielding pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of ecological stewardship and safety in how they do business. The company has put different programs in place in order to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any comments or questions, since they are glad to share and promote this policy with a greater understanding of their efforts. They are really committed to improving and preserving the environment. AxleTech has an EHS program which not just protects the natural environment but which even actively protects their neighbors and staff as well.

AxleTech specializes in the designing and manufacture of planetary axles utilized for both commercial and military applications, that could comprise anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider also. AxleTech specifically designs axles to meet specific application demands. They have over 1000 different axle specs in their current offering. With over one hundred years of history and skill, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in many military and commercial applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be found in the "ISAS" product collection.
